

Your Bariatric Surgery in **Guadalajara** with **ALO Bariatrics**

Welcome to Your Journey

Tijuana / Guadalajara / Puerto Vallarta www.alobariatrics.com USA (619) 653 6739 MX+52 33 3472 5254

Congratulations, your medical questionnaire has been approved. The next step to begin your transformation is **choosing your surgery date** and securing it with your deposit. We want you to feel confident by knowing exactly what to expect every step of the way.

Over 20,000 lives transformed

Arrival at Your Destination

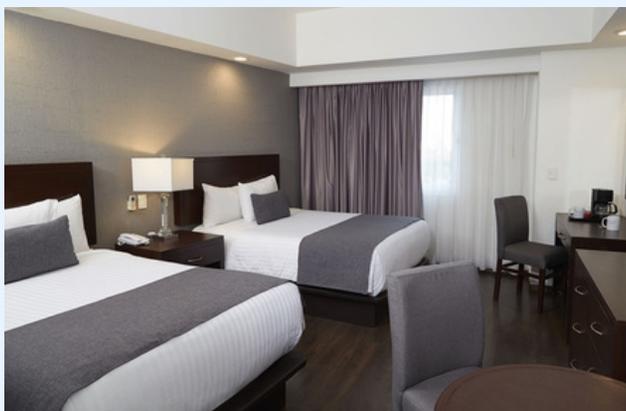

- You will fly into Guadalajara International Airport (GDL).
- Our driver will be waiting for you at the terminal—your coordinator will provide all the details in advance.

The transfer to your hotel is safe and comfortable, with a drive of approximately 40 minutes.

Your Pre-Surgery Stay

On your first night, you will rest at the Ejecutivo Express, a safe and comfortable hotel, perfect for relaxing before your procedure.

Surgery Day

Your surgery will take place at Hospital Puerta de Hierro Andares, one of Mexico's most prestigious private hospitals. Located in the upscale Andares district, it offers:

- Advanced operating rooms and technology.
- Comfortable, hotel-style private rooms.
- International safety standards with 24/7 specialized staff.

A trusted medical center where excellence and patient safety come first.

Recovery & Discharge

- You will stay 1–2 nights at the hospital (depending on your procedure), under close medical supervision.
- After discharge, you will spend 1–2 additional nights at the Ejecutivo Express hotel.
- Our team of nurses and nutritionists will remain in contact with you throughout your recovery.

Your Surgeons

Your procedure will be performed by internationally recognized bariatric surgeons:

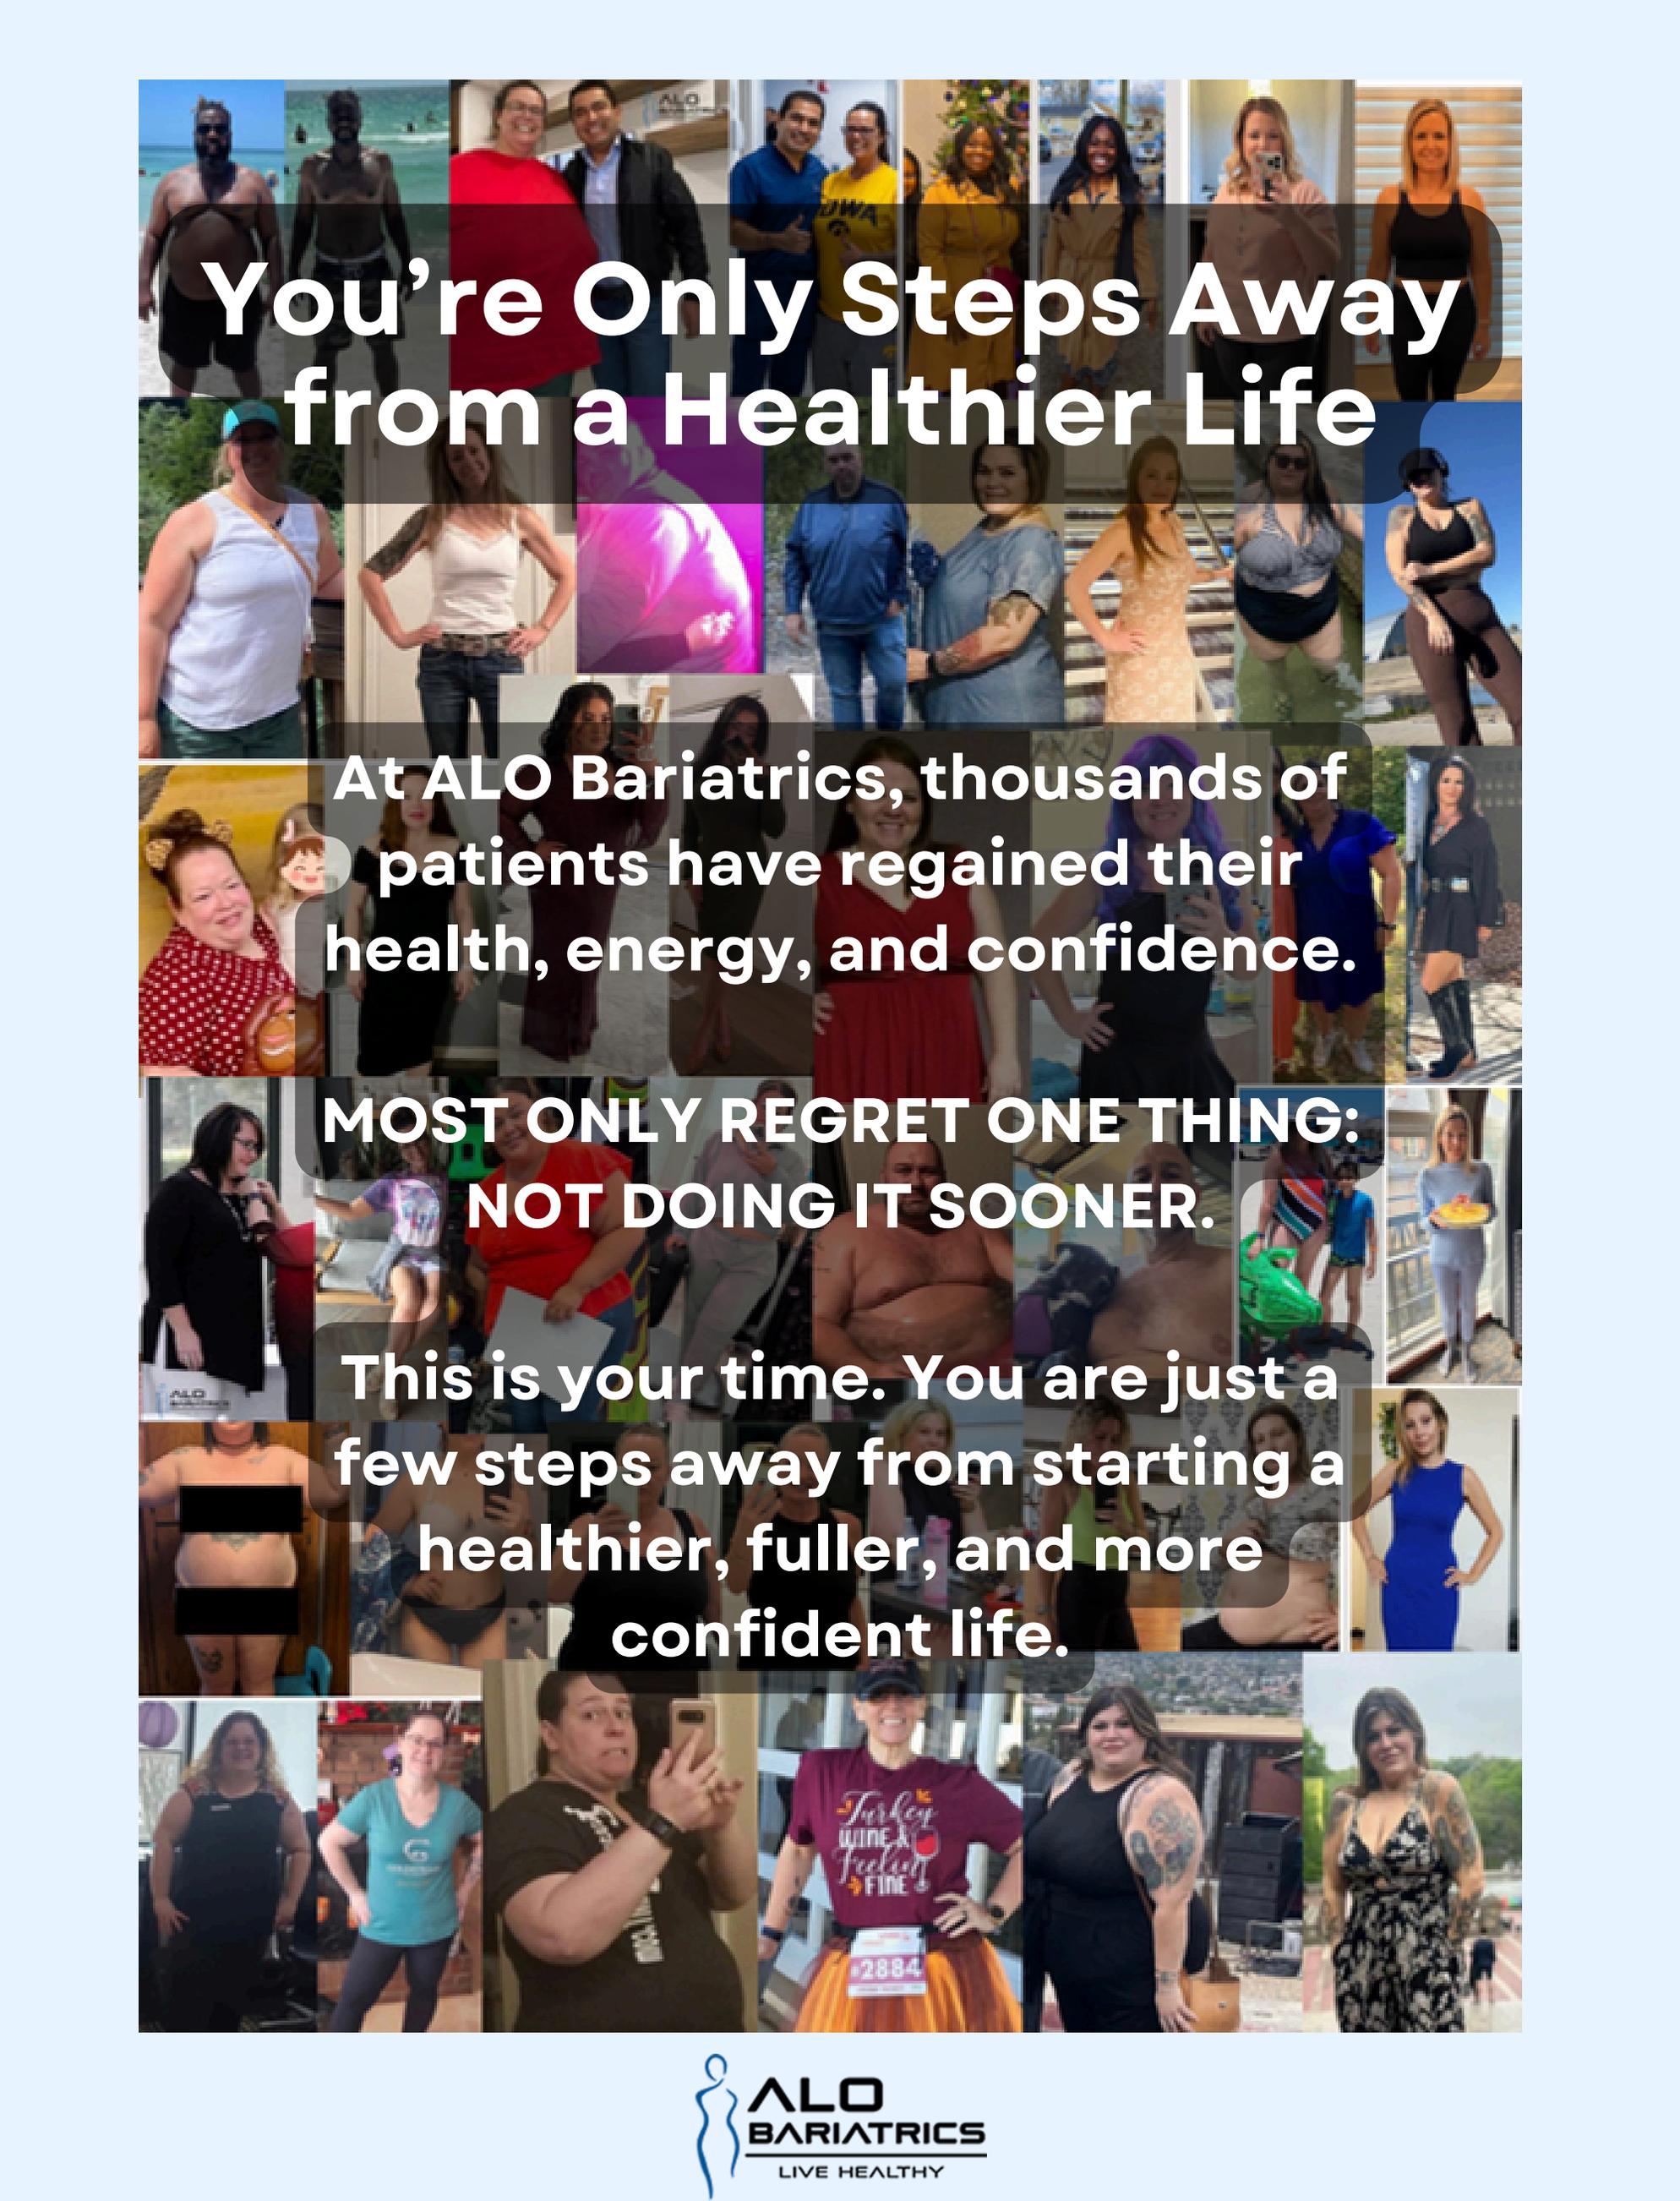

Dr. Alejandro López

- Board-Certified Bariatric Surgeon.
- Fellow of the American College of Surgeons (FACS).
- Member of the American Society for Metabolic and Bariatric Surgery (ASMBS).
- Over 20,000 successful surgeries performed.

Dr. David Orozco Aguet

Dr. David Orozco Aguet is a board-certified bariatric and general surgeon with solid experience in bariatric surgery. He is highly trained in minimally invasive laparoscopic techniques, allowing patients to benefit from safer surgeries, quicker recovery, and lasting results.

You're Only Steps Away from a Healthier Life

At ALO Bariatrics, thousands of patients have regained their health, energy, and confidence.

**MOST ONLY REGRET ONE THING:
NOT DOING IT SOONER.**

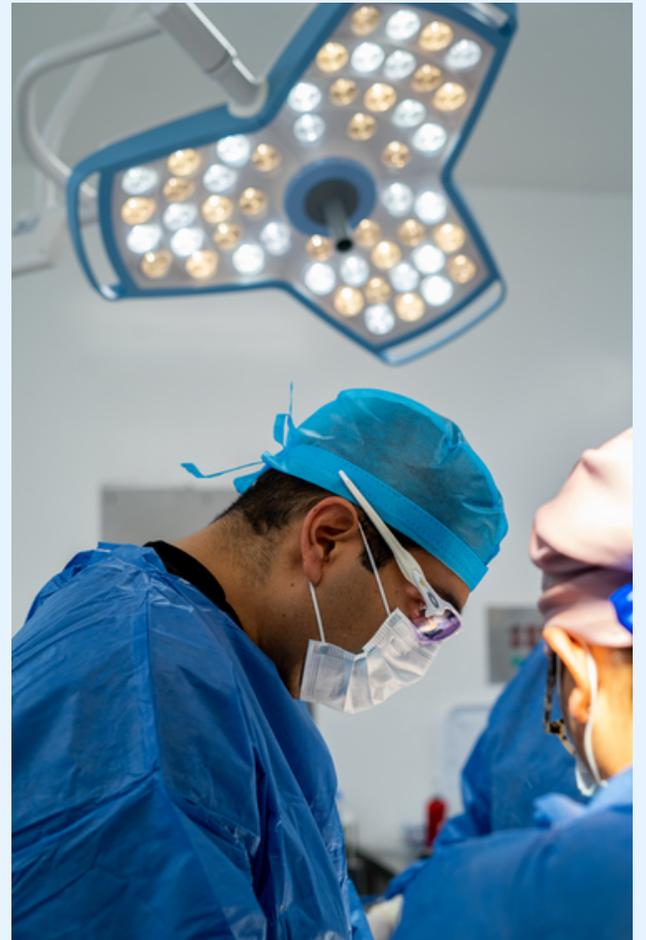

This is your time. You are just a few steps away from starting a healthier, fuller, and more confident life.

Why Choose ALO Bariatrics?

At ALO Bariatrics, we are leaders in minimally invasive weight loss surgeries.

- **Qualified Experts:** Board-Certified (ASMBS, CMCOEM, FACS, IFSO) surgeons with extensive experience in bariatric and robotic surgery.
- **World-Class Facilities:** Designed for your comfort and safety.
- **24/7 Care:** Our team is with you every step of the way.
- **Proven Success:** Over 20,000 successful surgeries.
- **Affordable Cost:** World-class care at a fraction of the price compared to other countries.

Our Mission: We don't just perform surgeries—we transform lives.
